## The General Data Protection Regulation.

The current Data Protection Act of 1998 will be replaced by the new General Data Protection Regulation on May 25th 2018. As with all charities, organisations and parishes we are required to make some changes to the way we (the Friends of Dorchester Abbey or FDA ) hold and use personal data, in order to comply with this new law.

We need to have a greater openness, transparency and a more rigorous way of dealing with documents than currently. This will not affect the FDA to any great extent, but we have to prove that we are complying with the Act.

We will need to ask people's consent to enable us to send them communications of any kind, which are not directly related to the reason for providing their personal data.

We will be starting a process of defining what data we keep, who keeps it and why. We will be allocating a Data Controller. When appointed you will be able to contact her to find out what data she holds, asking her to correct errors or make amendments.

In practice members will need to give their consent before the FDA can send marketing and communications. If the FDA does not already hold these details (primarily, names, addresses, emails) then we will need to be in touch with you to ask for your consent.

I expect that the FDA has all the information that is required. However, if not we will be in touch with you. The process will develop gradually, and there is no cause for concern by the Members.

Christine Dawson.

## Annual Outing of Friends of Dorchester Abbey to Wells Cathedral

**Date: Monday 14 May 2018**

This year's outing will be to Wells Cathedral. This cathedral is one of the 'three graces' of Simon Jenkins which 'embody the qualities which ..... make the English cathedral unique in Europe'. Jenkins goes further: 'I have to conclude that, most often, my favourite has been Wells'. Praise indeed. There is an excellent description of the cathedral in his book, *England's cathedrals*.

Set in the medieval heart of England's smallest city, Wells Cathedral is widely regarded as one of the finest in the country. As well as its iconic, breathtaking West Front, it has an unusual octagonal Chapter House, a Jesse Window (considered to be one of the most splendid examples of 14<sup>th</sup> century stained glass in Europe) one of only four chained libraries in the UK, the Wells Clock and the medieval Vicars' Close, believed to be the only complete medieval street left in England.

There is a cafe, with views of the West Front over the moat of the nearby Bishop's Palace.

### **Beauforest Society**

We are all aware that Dorchester Abbey is an ageing building, built for the most part in the 14<sup>th</sup> century and is therefore continually in need of maintenance and repair. A central role for the Friends is to support the PCC with funds (and on occasion expertise and effort) for restoration and maintenance projects. The Beauforest Society was established to provide additional support to initiatives to preserve the fabric of this wonderful building.

The subscription for membership of the Beauforest Society is £100 a year for four years. Beauforest members receive the Friends of Dorchester Abbey Newsletter.

**This year's annual Beauforest tea and evensong is planned for Sunday November 18, 4.00 p.m. tea, followed by Evensong at 5.00 p.m.** The aim is to ensure that members have the opportunity to be fully involved in activities in the Abbey.

Many thanks to all those who signed up for Beauforest membership, and who have enabled the Friends to support the PCC in important projects. This is a great way to support Dorchester Abbey. Additional Beauforest members are always welcome: please contact the Chairman Richard Dick or the Membership Secretary Honor Juniper for further details. Or download an application form from the Dorchester Abbey website (search Beauforest).
